I'm absolutely excited to welcome you into my digital realm, where I can let my creative spirit soar and share my collection of photos and videos with all of you. While this platform primarily caters to open-minded gay individuals, it's an inclusive space for everyone. If this is your first time here, please accept my warm and heartfelt "WELCOME." I'm genuinely thrilled that you've stumbled upon my website, and I extend an invitation to explore my eccentric and unconventional world, one that revolves around "passion, art, and the lens."

Within these virtual walls, you'll discover an abundance of images and videos, predominantly featuring yours truly. I understand it might come across as self-indulgent or narcissistic, given the preponderance of my own content. However, the reality is quite different. Surprisingly, I'm a rather introverted and reserved individual, a fact that might catch you off guard.

Photography and videography have captivated my imagination ever since I was a child. Throughout my entire life, I've been fervently capturing moments and subjects, but there was always one notable exception—myself. I went to great lengths to avoid the spotlight and preferred to remain behind the camera, contentedly observing the world through my lens.

However, one fateful day, everything took a turn. I pointed the camera in my direction and embarked on a journey of capturing photos and videos featuring none other than myself. To my astonishment, I found immense enjoyment in it. In the present day, I persist in snapping pictures and recording videos of myself. I relish the role of being both subject and creator, wearing the hats of cameraman, director, and producer for my content. And yes, I do have an affinity for indulging, baring it all, and showcasing myself before the lens. You can explore my portfolio on my electrifying page, where I'll delve into the stories behind my creations.

So, step right into my zany and exhilarating realm of 'sex, drugs & a camera,' where you're wholeheartedly welcomed.

SO ARE YOU READY?

Because you are about to see a ton of my personal photos and videos featuring yours truly. I'm

all about getting naked & showing off in front of the camera, and my hundreds of videos showcase everything from slamming, to fucking, to jerking off, and more. Basically, there's a lot of me to see here. So get ready to dive in and join me on this wild ride.

I'm thrilled to have you here and hope you'll come back for more.

Thanks for stopping by, and enjoy the show!

This is the third website that I've created through the years. The others had been pulled offline and blocked with the aid of the website host. Not a word was said to me by anyone in the corporation; I was never clear for the reason they deleted my web pages -they just did it!
(despite the fact that I did have an idea)

**** (CONTINUED FROM PREVIOUS PAGE ->)**

In the end, after spending infinite hours and days constructing my websites and to have it all deleted in a flash, I am now being very cautious about spending loads of time in building this internet web page. It's very miserable to me to peer all my cool, difficult efforts and get it zapped away within seconds. So, from knowing what may want to take place inside the beyond, I can hold it easy. I'm preserving this site pretty simple and I'm now not going to make it as flashy as my other websites had been.

Additionally, I suppose that if I kept it simple enough that perhaps it may not set any bells off with *Weebly* (my current web host) I'd opt to now not get them to make investments in their time and strength in looking at my web page. Despite the fact that I will keep adding onto and improving matters so long as these pages are nonetheless on-line... I'm gonna do my exceptional to make frequent upgrades to this website thru time. I best hope that Weebly won't pull the plug on my website and it'll be spared. If some thing they should at the least allow me to realize what it was that I did to justify the deleting my webpage. Just a little explanation would help so I won't make do it again. So why did they delete my other pages? If I had to guess what the motive turned into, I would have to mention that they did not like my photographs.

Well, I guess my snap shots can be a little wild and crazy to a few. In the eyes of a few prude or over-non secular individuals they may see that the nude human body as 'dirty and pornographic' and that it wishes to be deleted or censored. They'll think that it is 'incorrect' within the eyes of God. *-really?* I realize that there are a lot human beings in our society that study nudity as an evil, sinful component that's dirty and wrong. For these individuals even may have placed it in the identical class as violence and hate. I find that to be absolutely ridiculous! Those people have such twisted, ridiculous issues on something this is completely natural- nudity & intercourse. In case you without a doubt reflect on consideration on it, it's all quite rattling stupid! A picture or video of a naked guy is not hurting everyone. A video of a couple making love & having intercourse isn't always so horrible -it is just sex! Every living creature does it. We all do it! -We all fuck!! It is how all of us got here and every body needs to simply experience, embrace and love the beauty of sex. Everyone must simply recognize the splendor and beauty of the naked, bare body of a man or

woman. It's nature and its natural and certainly isn't so "dirty" or "bad" after all.

So, I am gonna keep my fingers crossed and pray that my current web host would not pull the plug on my pricey internet web page again. I'm hoping that they will be open-minded and allow this webpage to live on for years yet to come.

It would be exceptional to have the ability to preserve and continue on constructing, enhancing and improving this my web page. To keep it growing and getting better over time. To have a spot where I can showoff & express myself, both visually and with words.

I must say, its superb to have this website. It permits me to voice my views, express my ideas and speak my mind to all of you. It additionally offers me a place wherein I can share my limitless pix and videos. Its allows me to not be so shy and timid, and to be more comfortable with myself and my body. It offers me an area in which I may be heard & seen, most importantly, it's my outlet for my creativity that is always flowing.

****Please don't forget to comment on my photos & videos at the bottom of each page!***

Again, I welcome you to:

"LAcumBoy's Cyberworld of Sex, Drugs & a Camera"°

Welcome to my digital home,

Where I can be myself and freely roam.

Here, I share my thoughts and speak my mind,

My story is told and my views you'll find.

A place for learning and for teaching too.

*Where open discussions can ensue.
Without judgment or fear of reproof,
Humbled, inspired, empowered and moved.*

*My creativity can flourish here,
A place where I can conquer fear,
And strive to be the best I can,
A better version of myself,
a better man.*

*I offer love, honesty, and integrity,
With an open heart, for all to see.
So come and join me on this journey,
Welcome, everyone,
to my sanctuary.*

About Me

Here is a little bit of info about me. Although it's quite a lot, it is certainly not everything. If there is anything that you would like to know more about or this website- please do not hesitate to send me a note & ask. I would love to hear your questions, suggestions, or comments. Just go to the **contact** or **guestbook** page. **It's quick and easy to do. It is painless and doesn't cost you a thing, so do it!**
I'd love to hear from you!!

" It's a shame the throne isn't made out of cocks, they'd have never got him off it. "

-- Jaime Lannister

I enjoy being real and myself.

I've always been quite an open book concerning who I am. I've been told that I have the worst poker face. It is very difficult -if not impossible- to hide my emotions. Let's say I wear them clearly on my sleeve for everyone to see.

In my relationships with people...oh, I can't say I like people. (but I do) They are so dramatic & thinking too much about things & can be quite a pain in the ass. I can truthfully say that I love animals more than I do people. Mainly this is because you don't have animals giving you shit, getting jealous, or 'tripping out on you. They don't overthink things or get so emotional about things or assume too much about things.

Animals are much more chill. They just do what they do & just give so much innocent, unconditional love with nothing needed in return except maybe a lil treat or two. I mean really, it's pretty difficult to get into a disagreement with your cat, right? Or to get into a verbal fight with your Chihuahua? Of course, nothing like that happens with any animal. There is no such drama in animals as there is with people. And because of man's complexity comes the requirement to put in more work & make great efforts in understanding & learning about people.

It is important for me to live by these simple things:

HONESTY.

DON'T LIE, CHEAT OR STEAL.

Thieves, liars, and cheaters suck! And to lie, or to steal, or to cheat, live all morally wrong. These are all enormous sins in my world of morals. People that steal cannot ever be trusted, and they are a nuisance to our society. A better person is someone that doesn't live life processing those and instead lives life being honest & truthful. That makes a man a good man... 'A true man.

YOUR WORD.

For one's word...well...that word must be 'your word'. One must be honest and real when he gives it.

For one's word, well... that word must be *your word*. One must be honest and real when he gives it.

Because ultimately, you take away all the rest in the material world, it is your word that is left with the utmost importance. Nothing else matters as much as your word. It's all a man has. What is a man without it? Who is he? Frankly, not a damn thing! He is nothing. A man without his word is the same as a man being dirt -worthless and dirty. They become nothing of worth & meaningless to everyone.

So, it's VERY important to always to KEEP YOUR WORD and mean what you say!

LOYALTY.

It is also important to BE LOYAL!

Having another's back or being there whenever you are needed isn't always that easy. But having loyalty to another person will end up being a big blessing in the years you have in your relationships.

AND finally being last, but certainly not least

RESPECT.

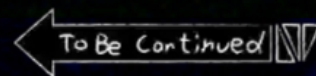

Always give respect to everything & EVERYONE on this planet! They dis-serve it as much as you - so give it!

Ultimately, these are very important for me to live by. I know it will make me, you, and everything living creature much more meaningful, happier & brighter.

And with my perspectives and/or views. Well, I am overtly vocal and possibly loud about them (and I have an opinion on a lot, if not everything) I am very passionate in my views. And that's only after I have spent a lot of time finding out & thinking hard about them.

I like to debate, discuss, & learn things about nearly everything! Learning gets me higher than most drugs sometimes.

I believe in good and karma... and that the powers of good always prevail in the end."

JUST A NOTE: *It may already seem quite obvious, but I'm no expert in web design, and my knowledge of web development and computer code is rather limited. However, I'm committed to learning and growing in this area. I'm aware that I've built this website in an unconventional manner, setting it apart from today's typical web designs. While some may even view it somewhat old-fashioned. However, this is 'LAcumBoy's Cyberworld', truly an unique website and I'm unfazed by such opinions.-JAH*
